Bow Wow Walks

At Bow Wow Walks we like to meet you and your pet before the first walk. At our first pow wow you can ask all the questions you like, tell us all about your dog, and your dog can enjoy its first complimentary walk. We will fill you in on all the doggy services we offer and help to tailor a plan to fit you and your pet.

Daily Walks

\$15 per walk (each additional 30 minute walk in a day will be an extra \$10)

Daily dog walks are recommended for every dog, but a must for clients who work extra long hours, for older dogs that just can't hold it like they used to, and active dogs with boundless energy. Your dog will be walked for 30 minutes on a leash in your neighborhood in a non-high traffic area with grass or in a park. A note will be left after each visit to ensure that you know every detail of what happened during the walk.

Dogs are always walked with other dogs of like size. If you prefer your dog/s to be walked one-on-one, with no other dogs from the neighborhood, that is available for an additional fee of *\$5 per walk*.

Extended playtime/walk time available for an additional fee (*additional \$2 for every 5 minutes*).

Daily Puppy Care

\$20 per 30 minute visit (each additional visit in a day will be an extra \$15)

Bow Wow Walks provides daily walk services specifically catering to the care and needs of your new puppy. Most experts recommend crate training as the preferred method to house-train your puppy. This is difficult for working owners because puppies shouldn't be crated for more than 4-5 hours at a time. Bow Wow Walks will work with your schedule, arriving at your home for puppy's mid-day break. Your puppy will be taken outdoors immediately upon arrival and praised for taking potty breaks outside. We will happily reinforce any basic training that you are working on and provide them with the exercise and love that a growing puppy needs. We also understand that accidents happen and will take care of cleaning up any mistakes so that your puppy returns to a clean environment to wait happily for your arrival home. A note will be left after each visit to ensure that you know every detail of what happened during the puppy care visit. Puppy Care visits last 30 minutes and are always a one-on-one service.

Home Visits

\$20 per 30-40 minute visit (each additional visit in a day will be an extra \$15)

When you are on vacation, business travel, have an emergency situation, or just have a very long day at work, you may choose to leave your pet at home in the comfort of familiar surroundings. Bow Wow Walks will arrive at your home

to walk, feed, water, play with and pamper your pet with lots of love and attention. As a complimentary service, we can also water indoor plants, bring in the mail, take in the newspaper, and rotate the lights/blinds to help deter burglary. We understand that accidents happen and will take care of cleaning up any mistakes so that your dog returns to a clean environment to wait happily for your arrival home. We do not do over nights, but are be happy to look in on your animals as many times a day as you would like. (Bow Wow Walks suggest at least 2 home visits a day.) A note will be left after each visit to ensure that you know every detail of what happened during the visit. Also, please feel free to call while you are away to receive an update on your beloved animals.
